

Looking back on a memorable time

Dear Incoming Students

Reflecting on the past semester, we want to express our heartfelt gratitude for the memorable journey you undertook at our university. Stepping onto campus, you not only joined an institution but became an integral part of a vibrant community that thrives on curiosity, collaboration, and endless possibilities.

We sincerely thank you for choosing our university to pursue your academic and personal growth. Your presence enriched the tapestry of experiences that makes our university truly special.

The past semester was more than textbooks and lectures: it was about forging connections, discovering passions, and embracing new challenges. We hope you explored, questioned, and engaged with the myriad opportunities that awaited you whether it was joining a club, participating in hiking, or striking up a conversation with a fellow student. Those moments outside the classroom were as crucial as those inside.

This past semester was undeniably a memorable time in your life, filled with growth, discovery, and unforgettable experiences. We are grateful for your enthusiasm and energy and are proud of the incredible impact you made during your time here.

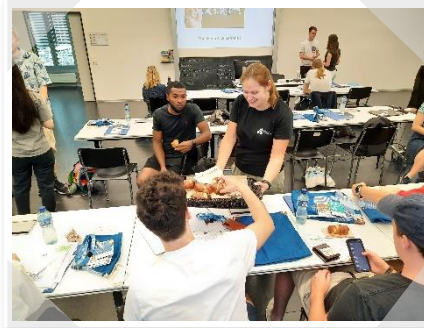

Your International Office of ZHAW School of Engineering
Patricia, Jeannine, Prisca, Livia, Claudia & Tina

**Fall Semester 2023 at
ZHAW School of Engineering
in Switzerland**

Welcome Day September 11th, 2023

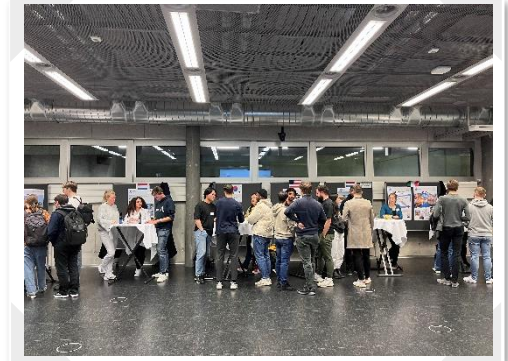

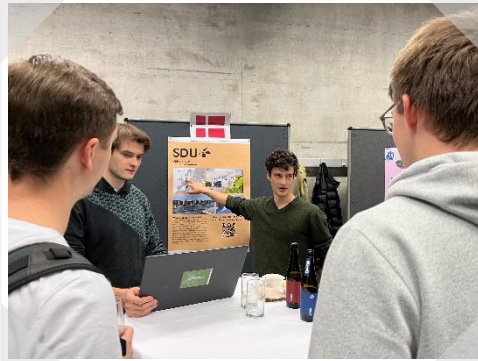

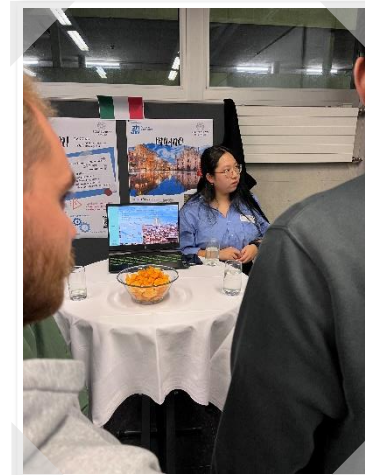

On that day, 35 students from 15 countries have started their exchange semester.

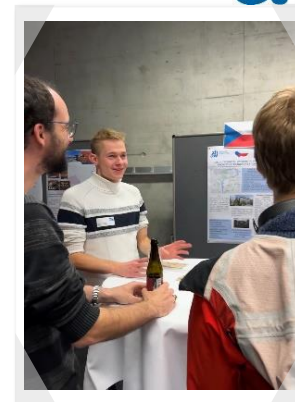

Guest Students meet SoE Students October 24th, 2023

This event was attended by 60 participants where Incomings and Returnees represented 11 partner universities. There were a lot of exchange talks between Incomings and our prospective Outgoings in the upcoming semesters.

Farewell Event December 6th, 2023

First, we had aperitif outside. After we enjoyed a very delicious Swiss traditional dinner: Cheese fondue and Älpermakron.
